

Auto opening kits with tools to last a lifetime!

PRO-LOK® is well known for being the leader in car opening products. Our world-class tools are available in a variety of kits. Whatever your needs may be, we have a kit with a tool assortment for you. Our kits are available in a variety of heavy duty cordura cloth or vinyl cases to suit your taste. The variety of cases we offer gives you the ability to arrange your tools and keep them organized. The professional image that is projected when using tools that are organized will be an extension of your customer service. Whether you need a very basic kit or a complete kit with every tool, PRO-LOK® offers you a choice in money saving arrangements. The cost savings by ordering a kit instead of individual tools is just like receiving free tools.

AKCOM00 \$802.20

AKSJ \$96.40
 SLIM JIM KIT 6 pc set
 Finally, a kit for the Slim Jim lover. Long or short, thick or thin, you're covered. Contains 5 variations of the most popular tool ever invented for car openings and a vinyl case. Each Slim Jim is manufactured from round edged stainless steel. Will not rust. Will hold the necessary bend.

Tools:**A010, A011, A025, A030, A0CC**

Case:**A051**

Simply the finest car opening tools available!
PRO-LOK® Wire Tools are manufactured from oil tempered steel. They are formed to the desired bend, heat treated and then plated with high-gloss zinc to prevent rust or corrosion, and then heat treated again. Our wire tools have "memory" which means that they won't lose their shape in the door. Our wire tools are strong and durable, yet small in diameter to allow you easy entry into those vehicles with tight weather-stripping. Our Slim Jims are made of round edged stainless steel, the highest quality material available. Rubber tips on "inside" tools to prevent damage. Packed with clear, full-color instructions. Made in the USA. Lifetime warranty against manufacturer's defect.

Xacto-Grip Tools - Now found on many PRO-LOK wire tools!

Flattened Edges - Tighter car doors have made it increasingly difficult to insert opening tools between the glass and weatherstripping. This tightness makes it more difficult to maneuver your tools in the door cavity. So, PRO-LOK has changed the size and shape of 25 of its car opening tools. We start with a 40% thicker diameter wire and flatten 2 sides of the wire. The tools are then shaped and heat-treated (some tools twice) for additional strength and breakage protection. The result is stronger but thinner tools. The flattened side of the tool is inserted between the weatherstripping and the glass. When the tool is rotated you have a stronger tool.

Knurled Tips - Tools that are designed to couple or seat on the lock linkage are knurled before our flattening process. This process provides you with a smooth tool on the sides with a textured surface that makes contact with the smooth locking linkage. The textured surface of the tool makes it easier to maneuver the linkage as opposed to slipping or sliding along the linkage. Less strength is required to manipulate the linkage.

 <p>A001 \$31.40 Slide Lock Tool Double ended tool. Opens both horizontal locking devices and vertical buttons. Very broad usage.</p> <p><i>Xacto-Grip</i> Knurled & Flattened</p>	 <p>A012 \$19.20 Round Jim Specially designed to open cars with exposed bellcranks. Made of stainless steel. 1" x 25" - .040 thickness</p>

Auto opening Lights just for you!

Lights are a necessity when opening cars today! Lights allow you to find the linkage rod guard plates, identify sensitive components inside the door, determine your target area, minimize the chance of damage or wire tangles, make your job go quicker and maximize your ability to open a car professionally. In addition to car opening, many other uses will be found once you own one of these lights. Safe work, auto repair work, general machine inspection and confined space illumination are only a few of the wide range of applications for these lights. See what you've been missing.

AA Battery Lights (HARDBODY)	Heavy Duty Krypton Light	6v Halogen Lights	12v Halogen Lights
<p>We designed the HARDBODY lights with you in mind. The machined aluminum body is mated with a flexible 15" coaxial wand through a simple RCA connection. The elimination of a switch means a trouble-free light for you. The slim bulb allows you into tight spots to avoid wire tangles and trouble spots. These lights come complete with a bulb, suction cup clip and a protective storage case. Available in two versions: 2 cell Broad Spectrum 3V bulb and 3 cell-Krypton 4.5V bulb. These lights are an inexpensive addition to your set of professional tools. Limited lifetime warranty. (Excluding bulb.)</p>  <p>AL10500 2-Cell HardBody Light \$73.40 3v car opening light powered by 2 AA batteries*. Use AL12100 bulb only. Upgrade for older Blue Punch machines
The following top jaw/handle assembly upgrades are available separately for \$38.00 or can be done at the same time as a rebuild or repair, for a discounted price of \$25.00. Please call for more information and details regarding rebuilding or upgrading your machine
Includes: A heavy duty top jaw, a new improved adjustable ratchet lever handle design and installation hardware. Advantages of the upgrade include better key clamping, easier key clamping than the red knob, clamps keys tighter, and the top jaw is 3 times heavier than the old style. Available for all styles of Blue Punch Machines

ZBP500-ARFC-ASSY Upgraded top jaw/handle for BP201ARFC
ZBP500-C70-ASSY Upgraded top jaw/handle for BP201C70
ZBP500-FW-ASSY Upgraded top jaw/handle for BP201FW/KW
ZBP500-IC-ASSY Upgraded top jaw/handle for BP201IC/DE/WK
ZBP500-SC-ASSY Upgraded top jaw/handle for BP201SC

Heavy Duty Stainless Steel Key Decoders
Find the Right Blank Every Time!
Get more jobs & make more money with Stainless Steel key decoders.
Top quality stainless steel provides strength and durability for these individual key decoders. Designed with "Sure Stop" stops, each increment reflects factory specifications & tolerances. Decode cut depths on the most popular keys. For rekeying & code cutting.

Fits 1/8" pegboard.

KHWH \$47.80
White Key Hook
100 hooks per bag.
Fits 1/8" pegboard.

Installation Jigs		INJIG-KJ KILLER JIG KIT \$1,190.00	
		<p>What makes the PRO-LOK Killer Jig so Special? PRO-LOK decided to design our new Killer Jig for many reasons. We felt that a professional high quality jig was needed that was both light in actual weight while maintaining the high quality that professional installers expect. Also, versatility and speed were important qualities that we wanted to incorporate into our design. As a result, Pro-lok is proud of our latest addition to our installation tool line of products. Seldom is a tool kit introduced to the market that has so many features and benefits. The features and benefits that the PRO-LOK Killer Jig provides will save you valuable time. Our high quality cutters will save you money. The high quality is apparent and makes you look better, better tools help to make better installations!</p>	
<p>INJIG-100 \$115.60 Maximum Security Mortiser Replacement part for INJIG - Tool for mortising the strike plate area for maximum security deadbolt strike plates on wood frames.</p>	<p>INJIG-106 \$107.40 Quick Change Adapter Replacement part for INJIG - This handy tool allows you to quickly unhook from one spur bit on the jig and snap on to the other bit in seconds without a chuck key.</p>	<p>INJIG-112 \$24.76 Deadbolt Height Gauge Replacement part for INJIG - This simple piece snaps into an existing 2-1/8" knob to automatically position the INJIG to drill at either 3-5/8" or 5-1/2" above the knob.</p>	<p>INJIG-118 \$134.00 1-1/2" Multi-Spur Bit Replacement part for INJIG - This heavy duty multi-spur wood bit is used to drill cross-bore holes for deadbolts requiring the smaller diameter holes on new installations.</p>
<p>INJIG-102 \$115.60 Latch Mortiser Replacement part for INJIG - Tool for mortising the strike plate area for standard knob & deadbolt strike plates on wood frames.</p>	<p>INJIG-108KJ \$900.00 Killer Jig Only Replacement part for INJIG-KJ. Quality solid construction, easy backset changing, easy to change hole sizes, rubber pads to protect door, large comfortable knobs, easy door thickness adjustment, durable powder coat finish.</p>	<p>INJIG-114KJ \$116.00 Carrying Case Replacement part for INJIG - The molded carrying case holds the entire INJIG assembly and all if its related parts in molded areas and snaps closed for transport & storage.</p>	<p>INJIG-120 \$155.80 2-1/8" Multi-Spur Bit Replacement part for INJIG - This heavy duty multi-spur wood bit is used to drill cross-bore holes for locks requiring the standard 2-1/8" size holes on new installations or for replacing locks that used a 1-1/2" on initial installation.</p>
<p>INJIG-104 \$115.60 Full Lip Mortiser Replacement part for INJIG - Tool for mortising the strike plate area for "Full Lip" knob lock strike plates on wood frames.</p>	<p>INJIG-124 \$19.60 1-1/2" Bushing Plates INJIG-126 \$19.60 2 1/8" Bushing Plates Sets of 2 hardened plates are used for locks requiring a cross bore of 1 1/2" or 2 1/8".</p>	<p>INJIG-116 \$18.80 Strike Locator Replacement part for INJIG - After the 1" edge-bore hole is drilled, the strike locator is inserted and the door is closed. Pressing outward marks the centerpoint on the frame.</p>	<p>INJIG-122 \$61.40 1" Auger Bit Replacement part for INJIG - The auger wood bit is used for the 1" edge bore on the door or can be removed from the jig and used for hole needed on the frame for the bolt or latch.</p>
<p>INJIG-MORT \$850.00 Mortise Lock Installation Jig Installation Jig for Mortise Cylinders</p> <p>THE 5 MINUTE MORTISE Cuts a lock mortise in under 5 minutes! CUTS A MORTISE INTO ALL WOODEN AND ALUMINUM DOORS The jig and its precision cutters will cut a mortise in hard wood, soft wood, composite doors and with the use of special cutters, aluminum doors as well, all in under five minutes! The new jig incorporates unique Quick Change Cutters which allow the cutters to be changed in seconds, without removing the jig from the door. This means that both the full lock body and faceplate can be cut out with ease. The mortise hole is automatically centered on the door and accurate results are obtained every time. No other combination of tools can produce such fast and accurate mortise installations.</p> <p>INCLUDED IN THE PRICE Carrying case, aluminum housing with hardware, 3 cutters (WB22, WB25, & WB32), self-centering action, stops, long boring shaft and instructions.</p>		<p>INJIG-MORT-WB22 \$76.20 7/8" Wood Cutter Wood Cutter for INJIG-MORT</p>	
<p>INJIG-MORT-AB19 \$85.60 3/4" Aluminum Cutter for INJIG-MORT</p>	<p>INJIG-MORT-GS \$9.40 Set of 6 Allen Set Screws</p>	<p>INJIG-MORT-WB15 \$66.80 5/8" Wood Cutter Wood Cutter for INJIG-MORT</p>	<p>INJIG-MORT-WB24 \$76.20 15/16" Wood Cutter Wood Cutter for INJIG-MORT</p>
<p>INJIG-MORT-AB25 \$85.60 1" Aluminum Cutter for INJIG-MORT</p>	<p>INJIG-MORT-HK \$197.40 Aluminum Housing with Hardware</p>	<p>INJIG-MORT-WB18 \$66.80 11/16" Wood Cutter Wood Cutter for INJIG-MORT</p>	<p>INJIG-MORT-WB25 \$76.20 1" Wood Cutter Wood Cutter for INJIG-MORT</p>
<p>INJIG-MORT-AB32 \$85.60 1 1/4" Aluminum Cutter for INJIG-MORT</p>	<p>INJIG-MORT-LS \$226.80 Long Boring Shaft (for locks up to 6")</p>	<p>INJIG-MORT-WB19 \$66.80 3/4" Wood Cutter Wood Cutter for INJIG-MORT</p>	<p>INJIG-MORT-WB27 \$76.20 1 1/16" Wood Cutter Wood Cutter for INJIG-MORT</p>
<p>INJIG-MORT-CC \$124.80 Carrying Case</p>	<p>INJIG-MORT-SS \$223.80 Short Boring Shaft (for locks up to 3 1/2")</p>	<p>INJIG-MORT-WB21 \$76.20 13/16" Wood Cutter Wood Cutter for INJIG-MORT</p>	<p>INJIG-MORT-WB32 \$94.80 1 1/4" Wood Cutter Wood Cutter for INJIG-MORT</p>

Lightning Fast Lock Installations!

Who can install a vertical rod panic bar and outside trim in less than 1 hour?

You can...with the PRO-LOK® IN-Series Templates. Easy-to-Use, fast, precise and durable. We have assembled a group of installation templates that are all used with our Universal Clamp. You will get exacting accuracy and finished work in the same time as it takes others just to set up. Every time you use a PRO-LOK® template, your installation time will be faster, your installations more precise and professional looking. Time is money. The PRO-LOK® IN-Series Templates may be the best investment you ever make! *Reverse templates are available for the back side of the door. You can cut your time in half by not having to switch over when you are done with one side. Reverse templates also prevent splintering the back side of the door when drilling.

Perform Professional Installations in a Fraction of the Time!

MISCELLANEOUS LOCKSMITH SPECIALTY TOOLS

PRO-LOK® offers a variety of locksmith tools to make your jobs easier and more efficient. Each and every tool is designed or field-tested by locksmiths worldwide. Each tool is consistent with PRO-LOK's reputation and desire of providing the industry with the highest quality tools available. From automotive related tools to impressioning tools. From code machine accessories to cylinder followers, the variety of tools offered by PRO-LOK® are a collection of suggestions and ideas from our locksmith friends nationwide.

 <p>LT115 \$75.60 The Unlocker Used to pick the vast majority of after market steering wheel locking bars. Perfect for when the lock is facing away from you. Simple and easy to use.</p>	 <p>LT1200DP \$82.60 1200CM Depth Cam Feed Upgrade Moves the key vise from the fully retracted position to the cutting position in 1/4 turn. Why crank the wheel 10 times? Replaces the depth crank handle. Lever handle quickly and easily indexes depth.</p>	 <p>LT1200SP \$130.20 1200CM Quick Space Upgrade One rotation of the Quick Space is the same as 5 rotations of the factory hand crank. Greater control in faster time.</p>	 <p>LT1202B \$8.40 Replacement Bulb Replacement bulb for LT1202 Lock & Safe Scope.</p>
 <p>LT115P \$8.80 The Unlocker Pick Replacement pick for LT115</p>	 <p>LT1200FG \$32.60 1200CM Flip Gauge Upgrade With this flip gauge attachment you can gauge the shoulder from the front without risk of injury.</p>	 <p>LT1202 \$79.80 Lock & Safe Scope This scope throws a strong beam of light, great for reading wafers and safe work. Made of impact-resistant plastic. Comes with 3 tips, carrying case, batteries, and bulb. Put one in each truck. For lock or safe work. Illuminates & Magnifies</p>	 <p>LT216 \$69.00 Stramer Remover Tool Removes the lock plate retainer ring on the GM "Square Column" vehicles. Why not make your life easier?!</p>
 <p>LT1200 \$220.60 4 Piece 1200CM Upgrade Kit Double the speed of the HPC 1200CM key machine with this kit. Contains 1200DP, 1200FG, 1200KS, and 1200SP. Superfast CM Upgrade Kit (all 4 attachments). Quick & easy 10 min installations!</p>	 <p>LT1200KS \$40.00 1200CM Key Stop Upgrade Set up your 1200 to use either top or bottom without having to adjust spacing. This stop allows parallel top and bottom shoulder alignment. Parallel jaws permit bottom shoulder gauging on many keys, saving time and misaligned keys.</p>	 <p>LT300 \$78.80 Key Check Ideal tool to train on key blank identification. Forms & holds the keyway on any sample key and allows you to match the right blank every time.</p> <p>As Easy as: 1 2 3</p>	

 <p>LT340 \$149.20 IC Rekey/Decode/Dump Tool Several tools in one. Clear chambers and decode. Chamber cap and retainer sleeve staking feature. Holds the key cylinder and provides a place to dump the pins for decoding or disposal. Also acts as a holding fixture for rekeying.</p>	 <p>LT410 \$73.60 Clip-Zip Door Panel Tool A must have for the automotive locksmith. Removes clips on the door panel without damage. Separates door panel from door body without damage to panel or clip.</p>	 <p>LT605 \$97.80 The Diskbuster™ Secures disk-style padlocks in a vise to drill the shear line quickly and safely. Clamps onto most brands of disk/circular type padlocks and automatically centers the shear line for drilling. Prevent the possibility of drilling your hand.</p>
 <p>LT341 \$17.40 IC Rekeying Ejector Pin Pushes caps, springs, and pins into the removable inspection plug or empty plug chamber.</p>	 <p>LT420 \$87.40 Domestic Key Tag System Key tags to organize residential & commercial keys on your key board. Used behind key hooks. Set contains over 800 tags. Lists keyblank manufacturer & part number for reordering blanks.</p>	 <p>LT612 \$97.80 Padlock Drill Jig Remarkable drill jig securely clamps rekeyable padlocks to drill for the retainer screw or pin. After cylinder is removed and serviced, padlock can be reused by tapping and inserting screw in hole. See optional attachment below.</p>
 <p>LT342 \$16.20 IC Rekeying Staking Tool Used on cylinders with chamber caps.</p>	 <p>LT421 \$87.40 Auto Key Tag System Key tags to organize foreign & domestic auto keys on your keyboard. Used behind key hooks. Set contains over 700 tags. Lists keyblank manufacturer & part number for reordering blanks.</p>	 <p>LT612DG \$32.60 Padlock Drill Guide Used to drill the security nut on the bottom of some padlocks. Adjustable to lock body size. After cylinder is removed and serviced, replace the nut and reuse the lock.</p>
 <p>LT370 \$28.20 Follower-Master Pin A versatile follower that can be used for removal of upper chamber master pins (up to .100) with a quick twist. Can also be used for standard rekeying tasks. Red anodized, machined aluminum to exacting tolerances.</p>	 <p>LT422 \$17.60 White Blank Key Tags Make your own key tags. Goes behind the hooks on your keyboard. Set contains 96 blank tags for you to fill out.</p>	 <p>LT700 \$74.60 Standard Impressioning Tool Impression tool for pin tumbler and wafer locks using a true centerline action. Easy to grip. Fits hands comfortably, securely holds the head of the key. Works so well it makes your vice grip obsolete.</p>
 <p>LT371 \$56.80 Follower Set-4 Pieces 4 different colored aluminum follower tools to easily identify diameter. Two standard size followers, one small and one large diameter combine to offer a set that will service almost any pin tumbler lock. Also available individually.</p>	 <p>LT423 \$17.60 Fluorescent Blank Key Tags Highlight those frequently used or specialty keys. Used behind the key hooks on your keyboard. 3 fluorescent colors: fluorescent pink, orange and yellow. Set contains 96 blank tags.</p>	 <p>LT705 \$54.00 Tubular Impressioning Tool Aluminum impressioning tool for 7-pin center tubular locks. Corrosion resistant aluminum alloy. Use with LT705 file only. Attractive blue anodized finish. The only tool of its kind. Recommended by some of the best locksmiths.</p>
 <p>LT371-395 \$14.80 Follower-Small Pin & Peanut Diameter=.395 - Used for most small pin tumbler rekeying jobs. Uses include: Corbin small pin, Eagle small pin, Yale small pin and Ico 'peanut' cylinders and others.</p> <p>Violet</p>	 <p>LT430 \$29.40 Service Call Dispatch Book Make it easy to track service calls for dispatch and billing. 3-copy NCR with wrap-around cover. Give one copy to dispatcher, one to service tech, and retain permanent copy in book. 200 tickets per book individually numbered.</p>	 <p>LT705F \$36.80 Tubular Impressioning File Custom file for the LT705. Cuts on 2 sides, smooth on 2 sides.</p>
 <p>LT371-495 \$14.80 Follower-Standard Diameter=.495 - Standard rekeying tool with two different end configurations. Uses include: Arrow, Schlage, Kwikset, Corbin & Russwin, Ico, Eagle, Lockwood, Sargent, Weiser & others.</p> <p>Green</p>	 <p>LT450 \$65.20 Face Cap Removal Pliers Remove face caps from domestic and foreign auto locks safely and trouble-free. Just one of this tool's many uses. This tool works quickly & effortlessly with no training or practice. Everyone who works on auto locks should have a pair.</p>	 <p>LT740 \$62.80 Face Cap Clincher Tool Provides quick replacement of GM and other auto lock caps. Simply place the cap in the tool, position the lock, and squeeze to clinch the cap into place. Will not scratch the surface of the caps.</p>
 <p>LT371-500 \$14.80 Follower-Rim Cylinder Diameter=.500 - Standard rim cylinder rekeying tool with two different end configurations. Uses include: Ico, Keil, Eagle, Lockwood, & other rim cylinders.</p> <p>Blue</p>	 <p>LT460 \$16.00 Window Crank Tool Slips behind window crank and removes spring clip. Makes manual window crank removal easy and risk free.</p>	 <p>LT9505 \$35.60 Fire Cabinet Lock Self contained trip lever cylinder lock assembly fits glass fire cabinet doors. Keyed alike to LT.24.</p>
 <p>LT371-555 \$14.80 Follower Large Oversize Diameter=.555 - Large Diameter rekeying tool with two different end configurations. Uses include: Corbin & Russwin oversize commercial-industrial cylinders and others.</p> <p>Gold</p>	 <p>LT500 \$54.60 Rhodes Nut Tool Aluminum tool replaces plastic nut driver that comes with the Rhodes locks. Durable and easy to handle. Ideal for high volume retrofit jobs. What is so special about PRO-LOK's "BUTTER BITS"?

Would you imagine drilling a 3/8" hole in a piece of hardplate from a Mosler TRTL30 in 38 seconds? Would you like to be able to use one bit and be able to drill 25 holes in a piece of GSA hardplate in only 7 minutes? You can now do this & more with the incredible Butter Bits from PRO-LOK®. These Tungsten Carbide "Butter Bits" feature a special tip design that uses a unique negative rake angle and a shortened chisel edge that increases it's effectiveness and reduces tip failure. PRO-LOK's Butter Bits will benefit the locksmith who encounters hardplate while drilling safes.

LIT BUTTER BIT Brochure N/C- Detailing an overall view on hardplate drilling including most asked questions, hardplate drilling tips, common faults & symptoms and their remedies. Covers: Drill Speed, Drill Pressure, Drill bit types, 10 Simple Steps to Successful Hardplate drilling, Learning to "read" the chips, common faults & their remedies.

Premium Picks & Pick Sets

It's not as easy as it appears in the movies! There is no question that picking locks is an art/skill that requires an enormous amount of practice. PRO-LOK® may not be able to provide you with the time required to learn this art, but we can provide you with the highest quality tools to get the job done. Education on how to pick a lock that consists of not only the fundamental basics of how a lock works but expands into the reason why locks are pickable was our goal when we created our full color picking manual. Couple this education with the proper tools and you are well on your way to more successful picking skills. Whether you are looking for individual replacement picks or a complete kit, PRO-LOK® has the tools to meet your needs. The variety of our specialized picks will also meet the additional requirements to expand your arsenal of picking instruments. When needing picks, pick PRO-LOK®. Our picks are available individually or in sets. Various styles and shapes available. Pick guns, ace picks, padlock picks, tubular picks, shims; you name it...we've got it! All picks are manufactured from the finest full hard spring stainless steel.

Retail Items

Affordable Fingerprint Safes are here!

Need added security without the inconvenience of memorizing a combination? The GLSF-08FP & GLSF-10FPM safes utilize affordable fingerprint recognition technology to do just that.

These Fingerprint Safes (commonly referred to as a biometric safes), store approximately 30 fingerprints and are ideal for securing valuables in the home, dormitory, hospital, boat, RV, or office with a simple touch.

The safes are made from solid steel for added security, have 2 chrome bolts of 3/4" of an inch diameter for extra security, and have a manual override key. Includes 4 bolts to anchor the safe and a removable interior shelf.

Packaged in colorful retail packaging.

GLSF-10FPM
External size W=15"D=12" H=12"

Internal size W=13-1/2" D=9-1/2" H=8-3/4"
GLSF-08S \$198.00

Depository safes are designed to provide immediate and secure storage for cash, and miscellaneous valuables. When the door is locked, deposits can be made via a deposit slot. Sometimes referred to as "trim safes" they are designed to reduce the risk of robbery by limiting the amount of money in the cash register. Instant protection from hold up or burglary. These safes are not meant for unprotected overnight storage of cash or valuables. Depository safes are recommended for any operation that requires a non-returnable deposit such as armored car companies, convenience stores, restaurants, gas stations, and other business. Ideal for temporary storage of excess cash register build-up, when there is a need to deposit money without opening the safe. An ideal solution for most cash collection systems which require a smaller storage capacity or for areas which have limited space available.

GLSF15 LAPTOP SAFE

PRO-LOK has just added a fourth model. The NEW GLSF-15 Laptop safe is ideal for dorms as well as anyone who needs a wider safe door to fit most laptop computers inside. Although designed to accommodate most laptop computers, this new safe size can be sold to anyone who prefers or is in need of a short but wide safe because of specific contents or space restrictions. The safe has 2 chrome bolts of 3/4" of an inch diameter for extra security!
